### Time to Get Reading:— "The Bookseller's Sonnets" Andi Rosenthal

A mysterious package arrives on the desk of Jill Levin, the senior curator at a Holocaust museum: a secret diary written by the eldest daughter of St. Thomas More, legal advisor to Henry VIII. As Jill and her colleagues work to authenticate this rare find, letters arrive conveying the manuscript's history and the donor's unimaginable story of survival. The process of authentication hovers between "find" and "fraud." We'll meet in January/February. Exact date and locate TBD.

THANK YOU for your support of our Shabbat morning minyan. We're still working through the best method for organizing the minyan schedule—your invitation to volunteer to participate. Please contact Marsha Nehiley or Rabbi Heath with your questions, suggestions or concerns. Thanks!!
